Manage. Enhance. Protect.

Edwards Aquifer Authority Hosts Plant Giveaway in Lytle, Texas

San Antonio, TX – This Friday, May 8, 2025, the Edwards Aquifer Authority (EAA) is taking its Rooted in Texas Drive-Thru plant giveaway on the road, arriving at the Lytle Community Center, located at 19031 Preist Blvd, Lytle, TX 78052, to pass out free *purple coneflower* and *turk's cap* plants to attendees. The giveaway will start at 10 a.m., include goodie bags filled with EAA promo items, and continue until supplies are exhausted.

The EAA's Rooted in Texas Drive-Thru plant giveaway is an ongoing effort that began with the inaugural event taking place in 2024 at EAA headquarters in San Antonio, Texas. This initiative has garnered attention within the community as a way for Texans who reside within the EAA jurisdiction to come together and cultivate an appreciation of, and preference for, Texas native plants.

About The EAA

The EAA is a groundwater conservation district that manages, enhances, and protects the Edwards Aquifer, a major groundwater system serving approximately two-and-one-half million South Central Texans. The EAA jurisdiction spans across 8 counties including Uvalde, Medina, Bexar, and parts of Atascosa, Caldwell, Guadalupe, Comal, and Hays counties. For over 28 years the Edwards Aquifer Authority has carried out its mission of managing, enhancing, and protecting the Edwards Aquifer. For more information, please visit www.edwardsaquifer.org.
