MANUFACTURING

San Antonio has a large and diverse manufacturing industry, with a representation of every major sector of U.S. manufacturing present in the community, including materials and electricity, equipment and metal, transportation, and diversified products. According to the 2011 Texas Manufacturers Register, San Antonio ranked the fourth-largest manufacturing market in Texas, with 51,177 jobs. A 2006 impact study conducted by Trinity University indicated that San Antonio's manufacturing industry had an economic impact of \$14.4 billion and paid 13% above the average annual salary for all workers in San Antonio.
