The EAA is governed by a 17-member board of directors representing the interests of constituents from across the Edwards Aquifer region. Fifteen directors serve as voting members of the board, elected from single-member districts to four-year terms. Two non-voting directors are appointed to four-year terms—one by the South-Central Texas Water Advisory Committee (SCTWAC) and one by the commissioner’s courts of Medina and Uvalde counties, on a rotating basis.

The Edwards Aquifer Authority manages, enhances and protects the Edwards Aquifer, a major groundwater system serving approximately 2 million South Central Texans. More information can be found at [www.edwardsaquifer.org](http://www.edwardsaquifer.org).
