

# Learn to Draw the Golden Cheeked Warbler

The Golden Cheeked Warbler is a habitat specialist - breeding only in the oak-juniper woodlands of central Texas and is listed as endangered under the Endangered Species Act.

**Step 1:** Drawn the Body, Beak and Eye

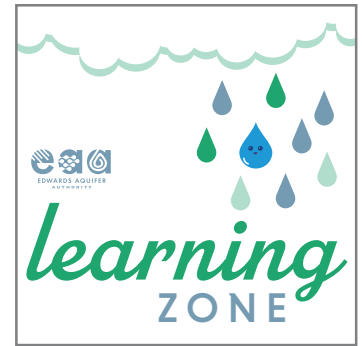

**Step 2:** Add feet that grip onto a branch

**Step 3:** Draw the outlines of the coloring pattern

**Step 4:** Add additional coloring, if desired

The Warbler is easily identified by its distinct yellow color
