

Notice of Intent to Finish a Crop

Submit this Notice of Intent to Finish a Crop (NIFC) form no later than December 1 if the critical period reductions have or will cause you to exceed your reduced authorized amount for a crop planted this year.

Additionally, persons exercising their right to finish out a crop may not plant an additional crop in the same calendar year unless the additional crop is dry land farmed or the person irrigates from a source other than the Edwards Aquifer. If a person plants an additional crop after the NIFC form is approved by staff, this form will be deemed to be withdrawn and the person will be required to reapply for NIFC protection or maintain compliance with the applicable permitted groundwater withdrawal amounts as adjusted by critical period reductions. All Notices filed may be subject to site inspections during CPM. Please mail this completed form to the Critical Period Team at 900 E. Quincy, San Antonio, Texas 78215, email it to CriticalPeriod@edwardsaquifer.org or fax it to (210) 222-9869.

General Information:

Permit/Place of Use No.: _____

Entity Name: _____

Contact Person: _____ Phone No.: _____

Crop Information: Complete the boxes below for all **irrigated crops** you currently have or had planted in the ground this year.

	Crop 1	Crop 2	Crop 3	Crop 4	Crop 5
Crop Type (corn etc.)					
Crop Size (acres)					
Planting Date					
Estimated/Actual Date of Final Irrigation					
Estimated/Actual Date of Final Harvest					

Meter Information: Please provide your well and meter information for all wells tied to this permit or place of use in the table below.

	Well 1	Well 2	Well 3	Well 4	Well 5
EAA Well No(s).					
Meter Serial No(s).					
Beginning Year Meter Reading					
Current Meter Reading					
Date of Meter Reading					
Estimated Use at date of Final Irrigation					

Which forage crop(s) above, if any, will be irrigated for hay bailing production and have more than one additional cutting during CPM?

Crop 1 Crop 2 Crop 3 Crop 4 Crop 5

Which forage crop(s) above, if any, will be used for livestock grazing in irrigated fields?

Crop 1 Crop 2 Crop 3 Crop 4 Crop 5

Please check this box if you currently **have not** exceeded your permit amount, after applying critical period reductions, you do not plan to irrigate additional crops, and you estimate that continued critical period reductions will cause you to exceed your permit amount, after applying critical period reductions, by or before December 31st.

Additional Information

If you have not exceeded your reduced authorized amount, please provide additional information (calculations, etc.) explaining how continued reductions will cause you to exceed that amount before the end of the year.

I declare that the above information is true and correct. I understand that upon approval of the NIFC form, any transfers of remaining water rights from the place of use or permits associated with this form are prohibited.
