Application Requirements

For an application to be processed, the applicant(s) must be in compliance with the Authority's Act and rules, and the application must be complete. An application is considered complete if it contains each of the following items:

- Application fee of \$25.00**
Only personal check, cashier's check or money order made payable to the Edwards Aquifer Authority will be accepted. No cash accepted.
- Permit recording fee of \$34.00 per permit**
This fee does not apply to Applications to Lease. Generally, all other applications require a \$34.00 minimum fee in order to record the resulting permit in county records. Should the fee exceed \$34.00, the applicant will be notified and required to pay the difference.
- Notarized applicant's signature**
All applications must be signed and notarized. If an authorized representative or agent is signing on behalf of the applicant, the authorized representative or agent must provide written evidence of his or her authority to represent the transferee or transferor accordingly.
- Supporting Documents**
Supporting documents may vary accordingly, but at a minimum should contain names of parties involved, amount of groundwater rights involved, classification of groundwater rights, time frame, and signatures of authorized representatives. All deeds submitted as supporting documents should be recorded in county records prior to submission. For Applications to Transfer, a transfer agreement must accompany the application. For a temporary transfer, these agreements may be a lease agreement or memorandum of lease, and for a permanent transfer the agreement may be a bill of sale, water warranty deed or other deed that references the water rights.
- Well Registration**
If a well is not already registered with the Authority, a completed well registration form or well construction application, well meter registration form and \$10 well registration fee must be attached.
